

# ShipRush

Stop wasting time re-keying shipping information and start shipping right from your accounting or CRM system! ShipRush is an easy and efficient way to ship via FedEx – it can even automatically save and email tracking numbers!

## Features and Benefits:

- Process FedEx shipments fast
- Automatically save tracking numbers into accounting and CRM applications
- Increase your company's efficiency and save money while you do it
- No rekeying of data – ShipRush pulls the address from your accounting or CRM application automatically
- Tracking numbers and freight charges are saved on invoices or CRM history records
- Print enclosure codes (like an order number) on the shipping label
- Email notifications built in – recipients are automatically alerted with the tracking numbers
- ShipRush prints to thermal, laser, and inkjet labels to any standard printer on your network
- Easy, non-technical installation takes just minutes
